

CE TYPE APPROVAL CERTIFICATE

n. **158150402/OE**

2015/01/20

This is to certify, that the hereunder described items of Personal Protective Equipment have overcome positively the "CE type examination", proving their conformity to the safety and health requirements of the Directive 89/686/EEC.

Manufacturer: (Responsible of the PPE)	GRISPORT SpA calzaturificio 31030 CASTELCUCCO (TV) – Via Erega, 1 – ITALIA.	
Type of PPE:	Safety footwear in conformity with EN ISO 20345:2011 class I (= footwear in leather and other materials, excluding all-rubber or all-polymeric footwear).	
Category of PPE:	II: Personal Protective Equipment against "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.	
Model	"700049CD3"	material codes:
Description:	<p><u>design:</u> B (= ankle boot) - <u>fastening:</u> laces; <u>processing:</u> direct injection; <u>sole:</u> TPU BIONIK in col. transparent blue marked "VIBRAM ANTITORSION OIL RESISTANT"; <u>midsole:</u> foamed PU in "black" col.; <u>upper:</u> leather art. DAKAR TREKKING, col. "lontra" (kind of brown/grey col.), combined with white non-woven fabric, with inserts on the toe-tip and on the heel in leather PAMPAS IDROPELENTE in col.black; <u>collar:</u> black fabric matched to MTP 2,5 mm; <u>tongue:</u> leather suede art. "CE antinf." col.brown, lined and padded; <u>bellow-tongue:</u> black coated fabric art. PALERMO FINTO CINGHIALINO; <u>vamp lining:</u> col. black non-woven fabric art. AITELLE matched to art. MTP4 and CHARME; <u>quarter lining:</u> three-dimensional fabric art. "AT 488 SPECIAL" in col. black; <u>insole:</u> white multi-layer perforation-resistant fabric art. LC/ZP01, which also has the function of <u>penetration-resistant insert</u>; <u>removable insock:</u> grey foamed material matched with a black textile in contact with the foot, with an aluminum oval insert stitched with an antistatic zig-zag stitching to the forepart, plus an insert in red ABS in the heel; <u>toe-cap:</u> polymeric material, art. "6050 GRISPORT".</p>

Technical Standard:	EN ISO 20344:2011 (UNI EN ISO 20344:2012) EN ISO 20345:2011 (UNI EN ISO 20345:2012)	Personal protective equipment – Test methods for footwear Personal protective equipment – Safety footwear
Intended use:	general industry, engineering industry, agriculture, warehouses, works on trucks, cranes.	
Size range:	from 36 to 48.	
Technical File:	DC-7046/E (including Application to RCT and Technical Documents).	
Test report:	RCT n°335135/B.	
Basis of evaluation:	applicable requirements of European Directive 89/686/EEC and reference Standards.	

CE TYPE APPROVAL CERTIFICATE

n. **158150402/OE**

2015/01/20

Functions and performance levels:

basic requirements for safety footwear (SB) (see Table 2 and 3 of EN ISO 20345:2011): all mandatory ones, among which:

SRC= Slip resistance - meets the following requirement:
 - surface: ceramic / lubricant: detergent solution;
 - surface: steel / lubricant: glycerol.

Additional requirements (Tab. 18 and 20 of EN ISO 20345:2011):

S3 = closed seat region, antistatic properties, energy absorption of seat region, resistance to fuel oil, water penetration resistance and absorption (water-repellent upper), penetration resistance, cleated outsole.

Note: the penetration resistance of the synthetic stitch proof insole tends to decrease with the diameter of the perforating object; in return the synthetic insole offers more protective surface and ergonomics advantages (flexibility, insulation, humidity and impact absorption).

Marking:

on a stitched label and containing the following information:

(see example below)

- **CE Marking** attesting PPE conformity to all the provisions of Directive 89/686/EEC (and any subsequent amendments);
- name of the Manufacturer (placed laterally on the bootleg);
- designation of the footwear (art. alphanumeric code);
- Technical Harmonized Standard of reference;
- safety symbols;
- size of footwear (also printed in the outsole);
- month and year of production;
- additional infos: internal code etc.

Sole design
(black version)

Note: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements. The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
